50 years Anniversary Celebration of the Carrera 2.7 RS at Le Mans (International Meeting)

What a better place could have hosted the 50th anniversary of the Carrera 2.7RS than the race track on which Porsche has won 19 times ?

The Club is bound to celebrate as it should be the half century of its emblematic car, and invites all owners of 2.7 RS, 2.8 RSR, 3.0 RS et 3.0 RSR at Le Mans for a flawless event. Presented for the first time at the Paris Automobile Show on October 5th 1972, the Carrera 2.7RS captured a fantastic interest from the sports car enthusiasts and from the press. The 500 first cars earmarked to obtain the Group 4 homologation were promptly sold, and eventually 1590 haven been produced and sold by Zuffenhausen, being at the same time granted the Group 3 homologation, class in which it obtained great success.

Nimble, sharp, responsive, powerful and light at the same time, all those that were lucky enough to drive and own, or to the least test drive, this duck tailed 911 have kept the experience in their memory. To the extent that 50 years later, the Carrera 2.7 RS remains a highly search car, highly price tagged among all the Classic Porsche. The half century passion aroused by the car, has indelibly marked the memory of a generations of owners that will be present at the anniversary. Their presence, as well as race personalities of Porsche, will be part of the success of event.

The 50 years Anniversary Celebration of the Carrera 2.7 RS is a unique owner's meeting with one simple ambition, which is to remain in the memories of the participants long after the weekend is over. Porsche care and interest for this event is evidenced as it will be hosted within the Porsche Experience Centre of Le Mans, which is in the vicinity of the Bugatti racetrack, with a privilege and direct access to it.
